

Mario Quirós Luna

✉ marioql.dev@gmail.com in LinkedIn GitHub Portfolio

I am a person with a great passion for technology. I have 6 months of supervised internship experience and also more than 3 years working on personal projects to gain skills in various technologies. I am characterized by being organized, responsible, a team leader, and positive. As a professional, I define myself as an autonomous, self-taught, analytical, and solution-oriented person, with the ability to work in a team and a great willingness to face new challenges and projects.
